## Introduction

The University of Cincinnati (“UC”) is a community of more than 65,000 students and employees who work, live, and study at campuses located in and outside of the city of Cincinnati. UC is committed to providing a safe and secure community for its students, employees, and visitors. The following Annual Security and Fire Safety Report (“Annual Report”) includes useful information and resources regarding campus safety and is provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (“Clery Act”). Pursuant to the Higher Education Opportunity Act, the Annual Report also contains the Annual Fire Safety Report, which provides information and statistics regarding UC’s housing facilities.

The Annual Report includes crime statistics for the three most recent calendar years. The Annual Report will not identify the victims of crimes or persons accused of crimes. The Annual Report’s crime statistics include crimes covered under the Clery Act that were reported to UCPD or local law enforcement and Campus Security Authorities (“CSA”), and occurred either on campus, in or on non-campus buildings or property, or on public property immediately adjacent to and accessible from the campus.

The Annual Report was compiled by UC’s Clery Compliance Coordinator, in coordination with local law enforcement agencies, and stakeholders across UC’s campuses. Current students and employees receive an email regarding the report before its required publication date. Prospective students and employees will see the link to the report at the bottom of the website when they apply for admission or employment. Hard copies are available upon request to the Clery Compliance Coordinator. The Annual Report is also available in pdf format on [Public Safety’s Clery](#) webpage.

For answers to questions not answered within the Annual Report about UC’s compliance with the Clery Act, contact UC’s Clery Compliance Coordinator.

## Campus Law Enforcement

UC employs its own sworn law enforcement officers, the University of Cincinnati Police Department (“UCPD”). UCPD officers have arrest authority and have sworn an oath to uphold the laws of the state of Ohio. UC’s Department of Public Safety also employs non-sworn, security officers, who do not have arrest authority. UC’s security officers report to the UCPD’s Chief of Police and provide non-law enforcement functions.

UC values the importance of working with local law enforcement agencies. Currently, UC is part of the Hamilton County Law Enforcement Mutual Aid Agreement and a Memorandum of Understanding (“MOU”) with the City of Cincinnati. The Hamilton County Law Enforcement Mutual Aid Agreement permits members of local law enforcement to address emergencies outside of their jurisdiction, when necessary. It also permits UC officers to patrol the areas around the Uptown Campus where many students reside. The MOU with the city of Cincinnati acknowledges the need for the two parties to work together, so that UC may ensure it meets the needs of its students, employees, and visitors.

UC also has mutual aid agreements and/or MOUs with the city of Blue Ash and Clermont County to service its regional campuses. The Blue Ash Police Department and the Clermont County Sheriff may act in criminal matters that occur within the campus. UCPD works cooperatively with local law enforcement agencies to investigate criminal matters.

Some UC students and student organizations on UC's Uptown Campus reside off campus, within the jurisdiction of the city of Cincinnati. The Cincinnati Police Department ("CPD") will be the police agency that will respond to these locations for criminal activity and other police services when needed. UCPD works closely with CPD to educate, aid, and protect at those locations.

UCPD has offices located on all three campuses:

## Crime Reporting

UC encourages accurate and prompt reporting of all crimes to UCPD and appropriate police agencies. UCPD employs trained dispatchers who are available 24 hours a day to answer calls. UCPD will respond promptly and appropriately to each report received. When a report of a criminal nature is made, the patrol officer will gather all the information and make the initial report. When there is a need for an investigator, the report will be sent to the investigative section for further review.

UCPD is the primary department for reporting criminal activity. However, a person may prefer to report a crime to someone else they feel more comfortable with, such as a Resident Advisor, advisor, mentor, coach, or the Title IX office. These individuals may be designated by UC as a Campus Security Authority ("CSA").

A CSA is defined as:

- A campus police department or a campus security department of an institution.
- Any other individuals who have responsibility for campus security. This includes individuals who provide security at a campus-parking kiosk, monitor access into a campus facility, act as event security, or escort students around campus after.
- Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus conduct proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

When a CSA believes a crime covered under the Clery Act has been reported in good faith, the CSA must report that crime. A CSA has two options for reporting a crime: (1) call UCPD and report the information to a police officer, or (2) complete the [Reportable Incident Form](#) online. All CSA reports are assessed for a Timely Warning Notification (“Safety Alert”) and disclosure in the Annual Report. For a complete list of all CSAs, please contact the Clery Compliance Coordinator at [clery@ucmail.uc.edu](mailto:clery@ucmail.uc.edu).

UC, as a public entity, is subject to Ohio’s public records law (Ohio Revised Code §149.43), and therefore cannot promise confidentiality to those who voluntarily report crimes to anyone, except when reported to professional counselors or a physician or nurse at University Health Services, when these individuals are acting in their professional capacity as professional counselors or health care providers. Under certain circumstances, professional counselors and health care providers may have a reporting obligation under state law. Questions regarding these obligations should be directed to the professional counselor and health care provider. Some off-campus reports may also be confidential (e.g., to the clergy or health care professionals).

Reports will be accepted anonymously at [EthicsPoint](#) online or EthicsPoint anonymous reporting hotline at 800.889.1547. EthicsPoint is an independent company for the UC community to report activities that may involve illegal, unethical, or inappropriate behavior in violation of UC’s policies that the individual does not feel comfortable reporting through normal channels.

Professional counselors are encouraged to inform the persons they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

Ohio Revised Code §2921.22 mandates that anyone, other than a pastoral or professional counselor, who is aware that a felony took place in the state of Ohio, must report the crime to the police.

## **Timely Warning Procedures (Safety Alerts)**

The Clery Act requires that UC notify the campus community of certain crimes and other emergencies that occur within the campus boundaries (which includes UC-owned or controlled property on campus and public property that is within or immediately adjacent to the campus) and in non-campus properties as defined by the Clery Act. These Timely Warnings at UC are referred to as “Safety Alerts.”

Although not required by federal law, additional notices may also be distributed for crimes that occur in areas outside of the Clery Act geographic areas, if the crime is deemed to pose an ongoing threat to the campus community. These distributed public safety advisories are referred to as “UC Aware.” UC Aware may be distributed for crimes that do not rise to the level of causing a serious or continuing threat to the UC community or for Clery Act crimes that occur outside of UC’s Clery Act geography, such as a pattern of larcenies or vandalism cases. In addition, they may be distributed for other safety concerns (mulch or cooking fires, etc.).

A Safety Alert will be considered for distribution to the UC community for all Clery Act crimes that occur within the Clery Act geography that are: 1) reported to a Campus Security Authority, local police, or UCPD; and 2) are determined by UC to represent a serious or continuing threat to the students and employees. The decision to issue a UC Aware notice for an off-campus crime will be made on a case-by-case basis depending on an assessment of factors, which include but are not limited to the nature of the crime, the exact location of the incident, the time of the incident, the local police response and their guidance to campus officials, and the potential direct effect on the campus community.

Safety Alerts are issued as soon as the pertinent information is available. Safety Alerts are not necessarily limited to violent crimes or crimes against persons. A series of property crimes may also present a continuing threat to the campus community. The Safety Alert intends to enable members of the campus community to protect themselves and each other.

The department only issues/posts Safety Alerts for incidents of:

- Murder/non-negligent manslaughter;
- Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case-by-case basis to determine if the individual is believed to be an ongoing threat to the larger UC community);
- Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Safety Alert, but will be assessed on a case-by-case basis);
- Sexual assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the information known by UCPD);
- Major incidents of arson; or
- Any Clery Act crime occurring in the UC Clery Act geography that is determined to pose a threat by UCPD's Chief of Police, or designee.

A Safety Alert notice will typically include the following unless issuing any of this information would risk compromising law enforcement efforts:

- Date and time or timeframe of the incident;
- A brief description of the incident;
- Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips);
- Suspect description when deemed appropriate and if there is sufficient detail (if the only known descriptors are sex and race, that will not be included in the alert);
- Police/Department of Public Safety agency contact information; and
- Other information as deemed appropriate by UCPD's Director of Public Safety, or designee.

A Safety Alert will NEVER release a victim's name.

In addition to information reported to UCPD, the following will occur to ensure that Safety Alerts are issued in accordance with UCPD protocol or direction:

- The Clery Compliance Coordinator, or designee, will review both UC crime reports as well as any reports shared by local law enforcement agencies daily to ascertain if any offenses require a Safety Alert.
- Every shift supervisor will monitor their staff, as well as external agency reports, for offenses that require a Safety Alert. If a report is made of an offense that may require a Safety Alert, the shift supervisor will notify the Public Information Officer and Clery Compliance Coordinator.

- The Clery Compliance Coordinator will advise the Director of Public Safety, or designee, on their recommendation on sending out a Safety Alert. The Director will then review all the information and decide whether a Safety Alert is warranted.
- Upon determining that a Safety Alert issuance is necessary, the Public Information Officer, or designee, will prepare and issue the warning as follows:
  - The Safety Alert will be drafted and sent to the Director of Public Safety for review. The Director of Public Safety will review it, and approve the Safety Alert to issue.
  - A Safety Alert will be issued by blast email to all members of the campus community, utilizing the email list managed by UCIT for this purpose.
  - Updates to the community about any case resulting in a Safety Alert may also be distributed electronically via blast email or posted on UC's website.
  - Safety Alerts may also be posted in campus buildings when deemed necessary. When an alert is posted in campus buildings, it shall be printed on orange paper and posted in the lobby/entrance area of the affected building(s) for seven days.
- The Department of Public Safety does not issue a Safety Alert for the above-listed crimes if:
  - UCPD apprehends the subject(s) and the threat of imminent danger for members of the UC community has been mitigated by the apprehension.
  - UCPD was not notified of the crime in a manner that would allow the department to post a Safety Alert for the community. As a general guideline, a report that is filed more than five days after the date of the alleged incident may not allow UCPD to post a Safety Alert to the community. This type of situation will be evaluated on a case-by-case basis.
  - The event is not determined to be an ongoing threat by the Director of Public Safety, or designee.
- UC is not required to issue a Safety Alert with respect to crimes reported to pastoral or professional counselors. Any crimes reported to Women Helping Women Advocates will not be evaluated for a Safety Alert; reports will be solely included in statistical data in the end-of-the-year Annual Report.

## Emergency Response and Evacuation Procedures

In the event of a campus-wide emergency, UC's [emergency preparedness plan](#) provides notification instructions and operating procedures. The online emergency preparedness plan provides access links to emergency alerts and procedures, as well as UC's resources and policies for emergency preparedness.

### Emergency Response

Anyone who notices a potential or ongoing emergency should contact the Department of Public Safety emergency response 911. Once such an emergency has occurred and has been confirmed by the Department of Public Safety and/or another law enforcement agency, the Emergency Operations Center ("EOC") will convene and determine the scope of the incident. Upon their determination, the President of UC, or designee, will activate the Emergency Management and Business Continuity Plan. When the emergency preparedness plan has been activated, the EOC will coordinate the response team in conducting recovery and restoration operations. The EOC will fulfill many operational functions during an emergency and is the primary vehicle for implementing and managing the emergency response, working

within the incident command system and, as necessary, working with additional city, county, state, or federal agencies. The on-duty Public Safety supervisor is responsible for confirming that there is a significant emergency or dangerous situation and may initiate the emergency notification systems upon such confirmation.

UC will immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of the UC community occurring on the campus. In a campus-wide emergency response, the on-duty Public Safety supervisor will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless the notification will, in the professional judgment of the on-call administrator, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. The Department of Public Safety will work with the EOC to provide a coordinated and effective response to the UC community.

### Issuing an Emergency Notification

Emergency Notifications are issued via the UC Emergency Alert System (“EAS”). A full description of the EAS and its parts is contained in the UC Emergency Operations Plan (“EOP”). Other communication paths are used for follow-up communication and are outlined in the EOP.

The shift supervisor or the on-call administrator is authorized to initiate an Emergency Notification. If the shift supervisor or on-call administrator initiates the Emergency Notification, they will instruct the 911 dispatcher to begin the process. The 911 dispatcher will make a voice announcement of the emergency and give instructions to the building occupants as to the actions they need to take, using the pre-written scripts for the type of emergency. If the emergency affects only one building (such as a fire or chemical spill), this announcement will be only to the involved building. The voice announcement is the only stage of the EAS activated in this case. If the emergency affects multiple buildings or an entire campus, the announcement will be made to all buildings on the involved campus. The voice announcement is followed by complete EAS activation. The 911 dispatcher will send the Emergency Notification via text messaging (using the Rave Alert system) to all user groups. The text-messaging platform is limited to 140 characters. The dispatcher will use the pre-written scripts for the emergency at issue to format the text message.

The electronic message boards throughout UC will display emergency notification information. If the emergency is ongoing, follow-up emergency notification messages will be sent every 15 minutes. The follow-up messages will confirm that the emergency is still ongoing and that members of the campus community still need to take action, such as remaining in shelter. The final follow-up message will confirm that the emergency is resolved and that the danger is past.

Should the incident be of a longer term, the on-call administrator, or designee, will send any necessary updates via email to all members of the campus community, utilizing the email list managed by UCIT for this purpose. The email message will contain updates and more detailed information than can be sent via text message.

Please note that when an Emergency Notification is sent, UC will not send a Safety Alert for the same incident. If a separate incident occurs outside of the incident that requires the Emergency Notification, then a Safety Alert will be evaluated for issuance.

### Safety Notifications

UC operates a campus notification system. UC's Department of Public Safety's safety notifications are powered by Rave Alert, which provides text alerts and updates to students and employees with information and instructions if there is an emergency. The Department of Public Safety will use these text alerts to notify the campus community of the nature of the emergency and the procedures to follow. Because the Department of Public Safety can send the alerts to any registered cell phone or email address regardless of physical location, parents find the alerts to be an invaluable resource for staying informed if an emergency occurs on campus. UC alerts can be administered through local alarm systems (such as fire alarms) and indoor/outdoor mass notification systems.

In the event of an emergency, any or all of UC's notification capabilities mentioned herein can be utilized simultaneously. All UC students are automatically enrolled in the UC Rave Alert. Employees are enrolled when they complete and/or update their directory listing by including their cell phone numbers.

Visitors and other community members can sign up to receive the alerts through the Department of Public Safety's Campus Safety Network. Access to the safety notifications is available on the Department of Public Safety's website under the [Emergency Management tab](#).

### Emergency Notification for UC Students with Disabilities

Students who request reasonable accommodations must participate in an intake meeting. During the intake meeting, if a student has a concern or question related to emergency protocols within an academic building or residence hall, Accessibility Resources will work with campus partners within Facilities Management, UCPD, Housing, or Residence Education and Development ("RED") to address the students' specific questions and safety issues.

Housing maintains an ongoing database of students who live in UC housing and who have requested accommodations via Accessibility Resources. If needed, this database can be accessed by Housing and RED to identify students who may require assistance in emergencies. Information about the Office of Accessibility Resources can be found [here](#) or by calling 513-556-6823.

### Emergency Notifications for UC Guests and Larger Community

Visitors to campus can prepare for emergencies on campus and the surrounding area before they happen, so they can access up-to-the-minute alerts and advisories, by taking the following proactive steps:

- Follow the Department of Public Safety on Twitter @ucpublicsafety. (Anyone can create a free Twitter account at twitter.com by downloading the free Twitter mobile app.)
- Register for text alerts or Twitter notifications from the following local and regional jurisdictions:
  - City of Cincinnati Police @Cincinnatipd
  - Safer Ohio App - Ohio's multi-function, mobile public safety tool for reporting suspicious activity, requesting emergency or roadside help, and monitoring traffic conditions. Get it on the App Store or Google Play.
- For UC guests who do not have access to a smartphone or are unable to join Twitter, contact the Department of Public Safety directly at 513-556-4900.
- Sign up to receive UC alerts through the Department of Public Safety's safety notifications.
- Access the safety notifications on the Department of Public Safety's website under the [Emergency Management tab](#).

## Evacuation Procedures

The following procedures are used for the undermentioned events:

- Smoke, fire, burning odors, or fire alarm activation:
  - Activate the nearest fire alarm pull station while exiting the building.
  - If possible, close all doors and windows.
  - DO NOT USE THE ELEVATORS.
  - Exit the building as quickly as possible and call 911 once outside.
  - Building Safety Points of Contact will account for all employees and visitors and advise the fire department of relevant information.
  - Building Safety Points of Contact must report missing employees/visitors and the last known locations to emergency personnel.
  - Do not reenter a building unless approved by emergency responders.
- Severe Weather:
  - Take shelter inside a building relocation area designated for tornadoes.
  - Elevator use is restricted except for non-ambulatory persons.
  - Await further instruction from the Department of Public Safety before leaving the relocation area.
- Bomb Threats/Suspicious Activities:
  - Do not use cell phones or radios to make a report (e.g., cellular phones/radios could activate a bomb or suspicious device).
  - Call 911 using a landline phone.
  - Do not move or open items.
  - Remove all individuals from the immediate area, lock the door, secure the building, and assemble with your department on the sidewalk outside.
- Active Shooter:
  - RUN:
    - If you can escape an active shooting, run.
    - Run immediately-leave everything behind.
    - Encourage others to escape with you, but do not wait on them.
    - Once you are safely away from the shooter call, or have someone call, 911 and report what you know.
  - HIDE:
    - If escape appears impossible, hide.
    - Lock and barricade doors, turn off lights, silence cell phones completely, and remain quiet.

- Take cover behind furniture or fixtures away from doorways.
- Stay away from windows.
- Prepare yourself and others for a FIGHT.
- FIGHT:
  - If running or hiding is not possible or fail, and the aggressor confronts you, fight.
  - Use items around you as weapons to fight.
  - Fight to create an opportunity to escape.

Individual building emergency plans are located on the [Department of Public Safety's Emergency Management](#) website.

### Shelter in Place

In certain emergencies, the campus community may be advised to “shelter in place” to avoid or minimize exposure to outside risks. Risks could include weather-related emergencies and chemical or radioactive releases.

If an incident occurs and the buildings or areas around you become unstable or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter in place” means to make a shelter in the building until it is safe to go outside.

Once shelter-in-place instructions have been communicated, students, faculty, and staff should remain in the same building unless otherwise advised. If outside, they should go to the nearest building and await further instructions. While it may be advisable to shelter in place in certain situations, no one can be forced to do so.

### Drills, Exercises, and Tests

Clergy Act regulations define a test as a regularly scheduled drill, exercise, and appropriate follow-through activities, designed for assessment and evaluation of emergency plans and capabilities. UCPD conducts at least one test a year, which may be announced, but notification is not required. Testing of our emergency response and evacuation procedures will be publicized via email and the UCPD website. Each test will be documented and kept for seven years.

The following drills, exercises, and tests are conducted:

- *Fire Drills* – Consistent with the Clergy Act and the Ohio Fire Code, fire drills are conducted in academic buildings and residence halls. UC conducts fire drills in the academic buildings annually. UC conducts fire drills in the residence halls four times per academic school year, and at least one drill is conducted after sunset and before sunrise.
- *Severe Weather Notification* – The severe weather notification system is tested on the first Wednesday of every month, except when severe weather is imminent. These tests are done via audio, email, and text messaging notifications.
- *Smoke Detector Tests* – Smoke detectors are tested monthly in all our residence halls. UC Fire Inspectors conduct these tests.

- *Sprinkler System Testing* – These tests are conducted according to the NFPA 25 standard which may be monthly, quarterly, or annually. These tests are conducted by an outside contractor.
- *Fire Alarm System Testing* – These tests are conducted according to the NFPA 72 standard which may be monthly, quarterly, or annually. UC alarm technicians conduct these tests.
- *Active Shooter Exercises* – These exercises include tabletop or full-scale exercises and are conducted annually. These exercises will also be conducted at the request of a department or program.

Below is a list of the emergency response and evacuation procedure tests conducted by UCPD in 2022.

2022 Emergency Management Exercises

## Security, Access, and Maintenance to Campus Facilities

As a public institution, UC has an open environment that allows individuals to move freely through its campuses. This open environment makes all members of UC's community responsible for immediately reporting suspicious activity, incidents, or persons to UCPD. Individual vigilance is essential in helping UC's Department of Public Safety promote campus safety and reduce campus crime. Using the Bearcat Guardian app, anonymous tips about suspicious activity may be sent to UCPD using text and images.

### Academic and Administrative Buildings

Though UC is never closed, typically, academic and administration buildings are open and accessible during regular business and class hours. Instructional facilities are generally open and accessible from 7 a.m. to 11 p.m., Monday through Friday, with modified weekend hours. The functional usage of the building may necessitate the building being open and accessible 24 hours a day/7 days a week, such as medical facilities, computer labs, and libraries. Other areas may be open and accessible for 24-hour use during exam periods or for other special needs. UCPD officers lock and unlock exterior building entrances in accordance with the building's schedule. UCPD admits individuals to locked buildings and areas only if the individual has valid identification and written authorization. Most UC buildings are open and accessible during normal UC business hours. For more information about the exact hours of a building, please contact the department you wish to visit.

## Student Housing

On-campus residence halls are locked 24 hours per day, with an electronic system controlling access. Residents and visitors must enter through the main entrance only. Residents use an access card to open the building door. Visitors must be escorted by a resident. While UC makes every effort to prevent access by uninvited visitors, residents must also take an active role in that effort. Residents should report strangers to the residence hall staff and avoid holding doors open for non-residents to enter. Residents are responsible for the actions of their guests. We encourage students to lock their room doors at all times.

UC's student housing may also be located off-campus. While these buildings are not located on any UC campus (and they may be only partially leased through UC), UC employs full-time Resident Advisors and Community Coordinators who reside in the building. Community Coordinators are professional full-time employees who have master's degrees. Residents of UC-provided off-campus housing must comply with UC's Student Code of Conduct, including drug and alcohol policies. All suspicious activities at these locations should be reported to UCPD and the residence hall staff.

## Students Living Off-Campus, Non-UC Housing

When a UC student is involved in an off-campus offense, UCPD may assist with the investigation in cooperation with federal, state, or local law enforcement. UCPD may patrol off-campus areas to assist local law enforcement agencies. Local law enforcement agencies surrounding UC's campuses routinely work with and communicate with, UCPD regarding any serious incidents occurring in the immediate areas surrounding the campuses. Criminal activity reported to UCPD by other police agencies may also be referred to the Office of Student Conduct & Community Standards for action under the UC Student Code of Conduct. Many students live in the neighborhoods surrounding the Uptown Campus, which are under the primary jurisdiction of the Cincinnati Police Department.

## Outside Athletics Facilities

The outside athletic facilities and adjacent unlit areas close at dark, unless otherwise being utilized for a UC sporting event or practice. UCPD may question individuals observed using the field after hours, displaying suspicious behavior, or suspected of unlawful acts. UC's Department of Public Safety stresses that individuals should not hesitate to contact it with any concerns regarding their own or someone else's safety.

## Blue Light Help Phones

Blue light help phones are located strategically throughout campus for safety purposes. Through these devices, persons are automatically connected to UC's communications center. UC has 300 blue light help phones or emergency phones throughout campus. For assistance with locating the blue light help phones closest to your classes, job, or along your path throughout campus, refer to the printable [campus maps](#).

## Security Maintenance of Campus Facilities

UC's Maintenance and Operations Department provides maintenance services to more than 100 UC buildings, totaling nearly 10 million square feet of space. To request maintenance, custodial, moving, and grounds services, call 513- 558-2500, Monday through Friday, 7:30 a.m. to 4 p.m. For weekends, holidays, and after-hours call UCPD at 513-556-1111.

UCPD conducts interior and exterior security surveys of its buildings. For exterior checks, UCPD reports how many lights are out, creates a work order to have them fixed, and UCPD reads meters on the lights to check brightness. UCPD officers, during their shift, will note when they find lights out, and dispatch will contact Maintenance and Operations for bulb replacement.

## Crime Prevention and Security Awareness Education

UC strives to educate students and employees about the importance of campus security and the prevention of crime. UC encourages UC community members to take responsibility for their security and the security of others. UC offers many programs throughout the year to reinforce the importance of crime prevention and security awareness.

### Crime Prevention Programs

The following are Crime Prevention Programs that are offered by UC and UCPD throughout the year:

- *Social Media Outreach* – UCPD conducts outreach to the UC community via Twitter, Instagram, and Facebook. UCPD can be followed on Twitter and Instagram at @UCPublicSafety and Facebook at <https://www.facebook.com/UCPublicSafety/>.
- *Door Hangings & Signs* – Typically in fall, winter, and spring, UCPD distributes door hangers to educate students about crime prevention techniques, including how to prevent theft from automobiles and burglaries.
- *Shuttle Bus Service* – The Bearcats Transportation System and Campus Transit System provide students, faculty, staff, and visitors with safe and convenient transportation. For specific shuttle times please check the [Facilities Management Shuttle Services](#).
- *NightRide Shuttle* - Service began on October 18, 2021, and runs 7 days/week from 8 pm-2:30 am. There are a total of 15 stops with the route taking about 25 minutes to complete. The shuttle is available for students to track via the DoubleMap app ensuring the most accurate and consistent wait times. The NightRide shuttle serves as an after-hours shuttle service for those students coming to/from campus areas to popular student residential areas.

### Security Awareness Programs

The following are Security Awareness Programs that are offered by UCPD and the Student Safety Board throughout the year:

- *Safety Talks* – UCPD conducts many safety talks throughout the year, including but not limited to, talks for the following groups: freshman orientation, international student orientation, medical student orientation, English as a Second Language students, sororities and fraternities, residence halls, and any other student groups or organizations who contact UCPD and request a safety talk.

- *Safety Tables* – UCPD teams with Resident Education and Development to host safety tables in each residence hall in the early weeks of each academic year. UCPD’s Community Outreach Officers and members of the Student Safety Board hand out safety information about available safety resources and talk to students about utilizing the resources to stay safe.
- *Student Safety Board* – Collaboration between UCPD and approximately 30 undergraduate students. The group works together to implement safety-related educational and outreach events during the school year.
- *Safety Week* – Each year the Student Safety Board develops and implements Safety Week to create awareness about staying safe and educating students about safety-related resources. Each day of Safety Week is focused on a different safety topic such as personal safety, self-defense, mental health, and fire safety.
- *Mind What Matters* – This safety campaign is sponsored by UCPD to provide helpful tips to students, faculty, and staff to reduce their likelihood of becoming a victim of a crime.

For a complete list of programs that are offered by UCPD and the Student Safety Board please see Appendix A.

### Crime Prevention Tips

Crime prevention incorporates the theory that crime can be reduced by lessening the opportunity for crime. Suggestions promoted by UC’s Department of Public Safety are:

- Do not leave your belongings unattended.
  - If you are studying and you need to grab a snack, take your belongings with you.
  - Do not set your valuables down and direct all your attention elsewhere.
- Do not leave your valuables in plain view.
  - Do not leave any belongings in your car, or if you need to, hide them before you get to your destination.
  - If you live or work in an area where your window is easily visible from the street, do not leave your valuable items in plain view. Put them in another area of the room.
- Lock the door before you leave.
  - Lock your room, car, office, and apartment, even if you will just be gone for a minute.
  - Never leave your car alone while it is running, or with the keys inside.
- Pay attention.
  - Be aware of your surroundings. Do not walk around with headphones on or while focused on your cell phone.
  - Walk in groups when possible.
  - Use campus resources, such as the Bearcat Shuttle, and Bearcat Guardian’s safety timer.

## UC Policy on Alcoholic Beverages

UC follows Ohio's liquor control laws. It is the responsibility of each student and employee to be familiar with Ohio's liquor laws, and UC's policy on alcoholic beverages, and to conduct themselves accordingly.

As permitted by law, individual students and employees may purchase, possess, and/or consume beer or intoxicating liquor on campus at certain campus events, in designated campus facilities, and in campus facilities having permits issued by the Ohio Department of Liquor Control.

Restrictions in Ohio Revised Code 4301 include the following:

- It is unlawful for a person under 21 years of age to purchase, consume, possess, or transport any beer or intoxicating liquor.
- It is unlawful to knowingly and falsely misrepresent one's age to obtain alcoholic beverages and/or to misrepresent that another is of legal age for such purpose.
- It is unlawful to have in one's possession in a public place without a permit an open container of beer or intoxicating liquor.
- It is unlawful to possess an open container and/or consume any beer or intoxicating liquor in a motor vehicle.
- It is unlawful to serve and/or distribute beer and/or intoxicating liquor to a minor.

The complete list of state liquor laws and administrative regulations may be obtained from the Ohio Division of Liquor Control.

Student organizations will be permitted to schedule and/or sponsor on-campus events at which alcohol may be available only at those locations having permits issued by the Ohio Department of Liquor Control.

Student organizations that sponsor off-campus events are expected to adhere to state law. Organizations found to have violated state law may be subjected to the loss of registered student organization status by UC.

Administrative and academic units (colleges, departments) may schedule and/or sponsor on-campus student events at which beer or intoxicating liquor would be available only in designated areas within those units and only with the approval of the unit head. These events may not be all-campus events and must adhere to regulations for on-campus events.

### Policy for Campus Events

The following regulations must be followed at on-campus events at which beer or intoxicating liquor is served and/or sold:

- The events must be properly authorized by the administrative unit responsible for the facility(s) to be used.
- Consumption and/or sales are permitted only within the approved area for the event.
- Non-alcoholic beverages must be available in the same place as alcoholic beverages and featured as prominently as alcoholic beverages.

- The sponsors of the event will implement precautionary measures to ensure that alcoholic beverages are not accessible or served to persons under the legal drinking age or to persons who are intoxicated.
- The sponsors of the event must require proof of legal age for those individuals in question as to legal age.
- Marketing, advertising, and promotion of events with alcoholic beverages being served should not emphasize the serving of alcohol and/or have any drinking games associated with the event.
- Management of licensed facilities on-campus reserves the right to limit consumption and/or sales at events in the designated facilities.

Individuals and organizations found in violation of UC regulations will be subject to disciplinary action and may be subject to action outlined under the Ohio Revised Code.

## UC Policy on Illegal Drug Possession and Use

In compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act of 1989, UC maintains a drug-free campus for all UC employees and students and prohibits the unlawful manufacture, distribution, dispensing, possession, or use of illicit drugs or alcohol on its campuses or as a part of any UC activity. UCPD strictly enforces laws restricting the use of illegal drugs.

The unlawful use or possession of drugs may result in conduct action by UC, as well as criminal charges and legal penalties. These may include, but are not limited to:

- Suspension or expulsion from UC;
- Suspension or termination from employment with UC;
- Required attendance at substance abuse education or treatment programs;
- Fines as determined under federal, state, or local laws;
- Loss of driving privileges;
- Imprisonment;
- Forfeiture of personal and real property;
- Denial of federal benefits such as student financial aid; and/or
- UC may notify the parent and/or guardian of any student who is under the age of 21 and who is in violation of the UC Student Code of Conduct with respect to any federal, state, or local law or UC policy governing the use or possession of alcohol or a controlled substance. Student(s) can request a copy of the notification letter sent to their parent and/or guardian.

## Drug and Alcohol Awareness Education

UC complies with the U.S. Department of Education Alcohol and Other Drug Programs, Drug-Free Schools and Campuses Act (EDGAR Part 86) which requires institutions of higher education to conduct a [biennial review](#) and [annual notification](#) of their alcohol and other drug programs and policies.

UC offers the following drug and alcohol education programs:

- *Greek Life Initiatives* – Fraternity and Sorority Life (“FSL”) provides a variety of alcohol education to fraternity and sorority members. The purpose of these initiatives is to deter Greek students from engaging in high-risk behaviors. There are also environmental changes being made to address high-risk drinking among Greek students. The awareness initiatives conducted by FSL include:
  - Joint Homecoming Policy: All chapters are expected to follow Risk Management Guidelines for BYOB/third-party vendors. In addition, all chapters must take part in a Safe Social Practices workshop.
  - Risk Management Training: Each semester, all chapters planning to host events with alcohol have at least 4 officers participate in risk management training. This training reviews relevant community and University policies related to events with alcohol discusses best practices for event management, and walks through crisis response procedures.
  - Bystander Intervention: Training for all active Greek organizations with 80% of the chapter in attendance.
  - Community Guidelines and Alcohol Skills: Workshops for all council and chapter executive officers on community guidelines and alcohol skills.
  - New Member Educator Training: Each semester, all chapters bringing in new members have at least 2 officers participate in new member educator training. This training reviews our new member/membership intake paperwork, walks through the University and state anti-hazing policies, and discusses best practices for new member education.
  - Anti-Hazing Training: Before initiation, all new members of the fraternity and sorority community participate in anti-hazing training. This training reviews the state anti-hazing law and University anti-hazing policy and provides reporting resources to students.
- *Impact Solutions Employee Assistance Program (“EAP”)* – The purpose of UC’s EAP is to offer assessment, counseling, and referral services that are confidential and professional, which include services related to drug and alcohol prevention. Services are available to benefit-eligible employees, spouses/domestic partners, children, and other individuals who live in the employee’s home. Impact’s services are provided 24/7, 365 days a year at no cost to employees.
- *Resident Advisor Bulletin Board Program* – The Student Wellness Center peer educators develop a variety of bulletin boards on health and wellness topics that can be used in the residence halls by Resident Advisors. They include all information for the board and a schematic to help with the arrangement of the board. The purpose of this program is to increase awareness of health and wellness issues and to help Resident Advisors post correct information about the topics. Topics have included alcohol, marijuana, and prescription drugs.
- *Residence Hall Alcohol and Drug Programming* – A variety of educational programming is conducted in the residence halls for residents. Program content includes basic alcohol information, such as standard drink size and alcohol content, as well as lower-risk drinking skills. These presentations also discuss residence hall expectations and open dialog about alcohol and other drugs.

- *Student Wellness Center Peer Education Workshops* – The workshops are conducted by peer educators from the Student Wellness Center for a variety of groups and settings including classrooms, residence halls, Greek houses, and student organizations. The peer educators conduct programming on alcohol and focus on basic alcohol facts and how to avoid the high-risk consequences of alcohol use. These programs also include providing students with campus resources to address these issues.
- *Alcohol and Drug Sanction Classes* – The Student Wellness Center works with The Office of Student Conduct & Community Standards to provide education to students who are found in violation of UC's alcohol and drug policy. Students are required to complete an alcohol or drug education class, which is facilitated by a UC staff member. As part of the sanction process, if the student is under 21, a parent/guardian may be notified of the violation.
- *AlcoholEdu and Sexual Assault Prevention Online Education Programs* – The Student Wellness Center coordinates online education programs called AlcoholEdu and Sexual Assault Prevention for incoming undergraduate and graduate students. The online programs are approximately two hours each in length and cover topics such as alcohol and other drugs, healthy relationships, consent, and sexual assault.
- *21st Birthday Card Program* – The Student Wellness Center sends electronic 21st birthday cards to all students turning 21. The cards contain information about celebrating your 21st birthday safely. The card contains low-risk drinking tips for those who choose to use alcohol on their birthday.
- *Late Night UC* - The Student Wellness Center implements late-night, substance-free events regularly throughout the spring and fall semesters. The events take place on Friday nights to provide alternative options for programs for students. The events are planned and coordinated by peer educators.
- *Bearcats Recovery Program* – The Student Wellness Center, in partnership with UC Counseling & Psychological Services, has developed a program for UC students who are in recovery from alcohol and drug use. The program consists of substance-free events for students in recovery, a recovery meeting, and more. Students who are in recovery or are interested in exploring recovery can participate in the weekly meetings to learn ways to support themselves and others.
- Campus-wide programming and awareness events – The Student Wellness Center coordinates campus-wide programming and awareness events for alcohol and drug education. Programming takes place throughout spring and fall semesters and includes events like tabling, skill-building activities, and more.

For the complete text of the Student Code of Conduct, see University [Board Rule](#) 40-05-05.

## Missing Students

UC maintains a missing student notification policy for students who reside in on-campus housing. “On-campus housing” includes any residential facility for students that is located on the UC’s campus or located off-campus but leased by UC to provide residential housing for its students, even if the building is owned or maintained by another party.

## Confidential Contact

A student living in an on-campus housing facility has the right to identify a confidential contact person(s) (“CCP”) who will be contacted not later than 24 hours after the time a student is determined missing. UC will not assume that the CCP is the same individual(s) identified as the student’s general emergency contact. A CCP is only contacted for missing person purposes. Access to a student’s CCP information is restricted to authorized UC officials who may only release the information to law enforcement officers, acting in furtherance of the missing student investigation.

UC will provide students living on-campus with information on their right to identify a CCP and the process for registering the CCP’s contact information annually. A student may change the CCP at any time. To register or modify a CCP, a student may visit their housing application or contact UC Housing at (513) 556-6461.

The CCP will be contacted no later than 24 hours after the time that the student is determined missing by UCPD or local law enforcement.

If a missing student is under 18 years of age, and not an emancipated individual, UC is required to notify a custodial parent or guardian no later than 24 hours after the time the student is determined missing.

### Reporting A Missing Student

When any University employee receives a report that a resident of on-campus housing is believed to be missing, the employee must immediately contact UCPD at (513) 556-1111. UCPD will contact the Dean of Students regarding the missing student report and determine the next steps related to investigating, including notifying the proper parties regarding the missing student (e.g. confidential contact, emergency contact, family). University employees, besides UCPD, should refrain from contacting the family of a missing student unless instructed to do so by UCPD.

When a student residing in on-campus housing is determined to be missing, a student or any concerned person should immediately contact either: UCPD at (513) 556-1111, 24 hours a day; a residence hall staff member at (513) 206-2644, 24 hours a day; the Dean of Students at (513) 556-4119 (during business hours); or the office of Resident Education & Development at (513) 556-6476 (during business hours).

For the complete text of the Missing Residents in On-Campus Housing Facilities, visit the UC Student Affairs [policies website](#).

### **Sex Offender Registry**

The Federal Campus Sex Crimes Prevention Act requires institutions of higher education to issue a statement advising the campus community where to obtain state law enforcement agency information regarding registered sex offenders. The act also requires sex offenders, who must register in the state, to provide notice as required by Ohio law, to each institution of higher education where the person is employed, carries on vacations, volunteers, or is a student.

In the state of Ohio, convicted sex offenders must register with the sheriff in the county within the timeframe governed by the Ohio Revised Code. Chapter 2950 of the Ohio Revised Code regulates convicted sex offenders, establishes the sex offender registry, and provides the registration requirements for all persons convicted under this statute in the state of Ohio.

UC's Uptown Campus, Blue Ash Campus, and Reading Campus are located in Hamilton County, Ohio. The Hamilton County Sheriff provides the ability to search for sex offenders in your area by going to their [website](#), under services select Search Sex Offenders.

UC's Clermont College Campus is located in Clermont County, Ohio. The Clermont County Sheriff provides the following website for the community to search all registered [sex offenders](#) in the County.

## **Violence Against Women Reauthorization Act (VAWA)**

In alignment with the Violence Against Women Reauthorization Act, UC prohibits dating violence, domestic violence, sexual assault, and stalking. UC offers several educational awareness and prevention programs to help combat and prevent dating violence, domestic violence, sexual assault, and stalking. For additional and up-to-date information on UC's programs and policies, please visit the [Office of Gender Equity & Inclusion](#) website. Additionally, see the University's Title IX Sexual Harassment Policy and the Sex- and/or Gender-Based Misconduct Policy and Procedure on the [Office of Gender Equity & Inclusion's website](#).

### Educational Awareness and Prevention Programs

UC engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking that:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research or assessed for value, effectiveness, or outcome; and
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.

UC's educational awareness and prevention programs begin with UC's primary prevention programs. These programs are designed and intended to stop dating violence, domestic violence, sexual assault, and stalking before they occur. UC's primary prevention programs are required for all new employees. All new employees receive online training that covers sexual harassment as well as how to recognize and report other types of sex and gender-based harassment, discrimination, and violence. New employees complete two online pieces of training: (1) "Report and Prevent Sexual Misconduct" training is required for all staff, faculty, supervisors, and targeted student workers; and (2) "Anti-Harassment, Discrimination, and Retaliation for Universities" training is required for all staff and faculty. Additionally, supervisors must complete "EDU: Supervisor Anti-Harassment, Discrimination, and Retaliation" training. These pieces of training must be completed within 90 days of beginning work at UC.

All new students, including first-year, transfer, graduate, and distance learners, are expected to complete Sexual Assault Prevention, an online training, that covers sexual/gender-based harassment, discrimination, and violence issues. The training includes interactive scenarios, discussions about alcohol use and sexual assault, strategies for engaging in risk reduction and bystander intervention, information on how to support survivors, and information about UC's policies, procedures, and resources. All incoming students are expected to complete the training. After students complete Part 1, they automatically receive Part 2 of the training 45 days later. Parts 1 and 2 contain assessments that allow UC to compare behaviors and experiences before starting classes and after arriving at UC. In addition to

sending the training to incoming students, students who are classified as juniors receive continuing education training, which is a follow-up to the training they received as new students. The ongoing training serves as a refresher to ensure students understand the behavioral expectations on campus, as well as how to spot the signs of gender-based violence and how to support a friend who may have experienced gender-based violence.

UC's educational outreach is a collaborative effort through the offices of UC's Department of Public Safety, Office of Gender Equity & Inclusion, Department of Women's Gender and Sexuality Studies, University Health Services, and the Division of Student Affairs, which includes, Counseling and Psychological Services, the Women's Center, and the Student Wellness Center.

See Appendix B for the complete list of primary and ongoing prevention programs that were completed in 2022.

### Bystander Intervention

Bystanders play a critical role in the prevention of sex and relationship violence. A bystander is anyone who observes an emergency or a situation that looks like someone could use help. Even if you feel it is not your place to get involved, if it appears that someone is in immediate danger, you may choose to intervene if it is safe to do so or get help by calling the police. It is important to notify the police if you feel your or someone else's safety has been threatened or is in danger.

Safe and positive options for bystander intervention include:

- Calling law enforcement, security, or another person in authority to assess the situation and intervene as appropriate.
- Asking for help from other bystanders, in particular people who may know the person engaging in the concerning behavior.

### Reporting Dating Violence, Domestic Violence, Sexual Assault, and Stalking to UC

UC has procedures in place to be responsive to those who report sexual assault, domestic violence, dating violence, and stalking. All UC employees, except those specifically designated as confidential resources, have an obligation to report incidents that may be a violation of UC's Title IX Sexual Harassment Policy or Sex or Gender-Based Misconduct Policy ("Mandatory Reporter"). Mandatory Reporters who receive a disclosure of allegations of conduct in violation of those policies or become aware of information that would lead a reasonable person to believe that a violation may have occurred involving anyone covered under those policies must report all known information immediately.

Individuals who have experienced sex or gender-based discrimination, harassment, or violence are encouraged to report their information to UC. Reports may be made in person, by mail, by telephone, by electronic email, by electronic submission, or by any other means that results in the Title IX Coordinator receiving the verbal or written report. A report may be made at any time (including during non-business hours) by using the telephone number, electronic mail address, electronic submission, or by mail to the office address. Reports may be made anonymously, but to initiate the grievance process under the Title IX Sexual Harassment Policy, a formal complaint must be filed pursuant to the process outlined in that policy.

Reports received will be reviewed and processed in accordance with the Title IX Sexual Harassment Policy and/or the Sex or Gender-Based Misconduct Policy and Procedure. See the University's Title IX Sexual Harassment Policy and the Sex- and/or Gender-Based Misconduct Policy and Procedure on the [Office of Gender Equity & Inclusion's website](#).

## Reporting Dating Violence, Domestic Violence, Sexual Assault, and Stalking to Law Enforcement

UC encourages accurate and prompt reporting of all crimes to UCPD and local law enforcement, if appropriate, when the victim elects to, or is unable to, make such a report. Although UC strongly encourages all members of its community to report violations to law enforcement, it is the individual's choice whether or not to make such a report and the individual has the right to decline involvement with the law enforcement. If the individual chooses to report the matter to law enforcement, UC employees shall provide assistance to the individual.

UC retains the right to notify law enforcement authorities and may engage in appropriate investigatory processes when concerns exist for conduct threatening the personal safety of an individual or the well-being of the UC community, with or without the individual's participation.

Reports may be made to UCPD by calling 513- 556-1111, in person at Edwards 3, 51 West Corry Blvd, or online at <https://www.uc.edu/about/publicsafety/clery/reportable-incident-form.html>. Reports may be made simultaneously to law enforcement and UC's Title IX Coordinator. When there are concurrent reports the Office of Gender Equity & Inclusion and the investigating law enforcement agency will work in collaboration whenever possible. However, the investigations are separate and done concurrently.

Speaking to a law enforcement officer does NOT obligate a person to initiate the grievance processes outlined in UC's Title IX Sexual Harassment Policy and/or the Sex or Gender-Based Misconduct Policy.

## Confidential Reporting

If you have experienced dating violence, domestic violence, sexual assault, stalking, or other conduct outlined in UC policies constituting sexual harassment and would like to speak confidentially with someone about your reporting options, please consider contacting one of the confidential resources outlined in the Title IX Sexual Harassment Policy or the Sex or Gender-Based Misconduct Policy. Reports made to UC employees, other than those specifically identified as confidential resources, must be reported to the Title IX Coordinator. Confidential reporting resources include:

### Preserving Evidence

After an incident of sexual assault or domestic or dating violence, the victim should consider seeking medical attention as soon as possible to make sure they are physically well and to collect evidence, even if the victim chooses not to make a report to law enforcement.

A Sexual Assault Nurse Examination (“SANE”) is a medical forensic exam that involves gathering physical evidence from a victim’s body, clothing, and other items that may have been used during an assault. Typically, SANE exams are performed at any medical center. Although it is natural to want to do certain things after an assault, such as take a shower, change clothes, or wash bed linens, whenever possible, a victim should avoid these kinds of actions because they may remove valuable physical evidence.

In the state of Ohio, a victim has up to 96 hours after an assault to obtain a medical-forensic exam. SANE exams can be completed even if a victim has showered, brushed their teeth, douched, or changed clothing, although evidence may be more difficult to obtain.

A SANE exam can be completed without filing a police report and is free for the victim. During a SANE exam medical professionals will also discuss options to reduce the risk of pregnancy and/or sexually transmitted diseases and can address other physical injuries related to an assault. If a victim does not opt for a SANE exam, healthcare providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease at the victim’s cost.

Victims are encouraged to preserve evidence by saving text messages, instant messages, social networking pages, and other communications and by keeping pictures, logs, or other copies of documents if they have any that would be useful in an investigation.

### Supportive and Protective Measures

Protective measures may be available by filing a complaint with law enforcement. For example, police departments may assist with civil protection orders and other measures when criminal complaints are filed. A civil protection order does not require criminal charges to be filed to obtain one. UC complies with Ohio laws in recognizing and enforcing orders of protection. An individual who receives an order of protection or a court-ordered “stay-away” should provide a copy of the order to UCPD and UC’s Title IX Coordinator. The individual may meet with UCPD and develop a safety plan to reduce the potential risk of harm while on campus or coming to or going from campus.

Students and employees who report a violation of the Title IX Sexual Harassment Policy and/or the Sex or Gender-Based Misconduct Policy will be given notification of their right to receive supportive measures. Supportive measures are non-disciplinary, non-punitive individualized services designed to restore or preserve equal access to UC’s education program or activity, without unreasonably burdening the other party, including measures designed to protect the safety of all parties or UC’s educational environment or deter sexual harassment. Supportive measures include but are not limited to counseling, extensions of

deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties and/or other parties (“no contact orders”), changes in work or housing arrangements, leaves of absence, increased security and monitoring of certain areas of campus, and other similar measures. Supportive measures are available, as appropriate, upon receipt of a report of alleged misconduct in violation of UC’s Title IX Sexual Harassment Policy and/or Sex or Gender-Based Misconduct Policy. Individuals who would like to request supportive measures or who experience difficulty obtaining supportive measures that have been approved should contact the Title IX Coordinator.

Subject to other confidentiality provisions outlined in UC policies, UC shall maintain as confidential any supportive measures provided to individuals, to the extent that maintaining such confidentiality would not impair the ability of UC to provide the supportive measures. UC will treat other information shared or received by the involved parties as private and confidential, to the extent permitted under law. UC will not publish the parties’ names or identifying information in the Daily Crime log, Clery Timely Warnings, or online, as defined in section 40002(a)(20) of the Violence Against Women Act of 1994 (42 U.S.C. 13925(a)(20)).

For more information on policies and procedures, UC encourages students and employees to review the [Title IX Sexual Harassment Policy](#) and the [Sex or Gender-Based Misconduct Policy](#) and Procedure on the [Office of Gender Equity & Inclusion's website](#).

### Resources On- and Off-Campus

UC maintains a full list of on- and off-campus resources for individuals who have experienced sex discrimination, including sexual misconduct. Frequently used on- and off-campus resources can be found in Appendix C

### **Victim Notification**

UC will, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by UC against a student who is the alleged perpetrator of such a crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

### **Clery Act Crime Statistics**

The Clery Compliance Coordinator is responsible for maintaining UC’s Department of Public Safety and UCPD statistics and making reasonably good-faith efforts to obtain statistics from other law enforcement agencies as necessary to allow the institution to comply with its reporting requirements under the Clery Act. Use of the statistics for Clery Act-related purposes is contingent upon the statistics being provided in a timely, accurate, and properly categorized manner. Local law enforcement agencies from which records are requested include, but are not limited to, Cincinnati Police Department, Batavia Police Department, Blue Ash Police Department, and Reading Police Department.

Statistics in the Annual Report are based upon the allegations reported to UC through its Department of Public Safety and compiled by the Clery Compliance Coordinator from communications with local law enforcement and Campus Security Authorities (“CSA”). No formal police report is required for a crime to be included in UC’s crime statistics, as CSA reports are reviewed for inclusion. These statistics are

compiled using definitions from the FBI's Uniform Crime Reporting, Violence Against Women Reauthorization Act, and the Ohio Revised Code, where applicable.

Crimes required by the Clery Act to be reported annually to the UC community, include criminal homicide (murder and negligent/non-negligent manslaughter); sex offenses (forcible and non-forcible); robbery; aggravated assault; burglary; motor vehicle theft; arson; hate crimes (including previously listed crimes plus larceny-theft, simple assault, intimidation or destruction/damage/vandalism of property that are motivated by bias); dating violence; domestic violence; stalking; and arrests and referrals for disciplinary action for any of the following: (a) liquor law violations, (b) drug law violations and (c) weapons law violations.

Locations where Clery Act Crimes must be recorded: 1) on campus, 2) on public property within or immediately adjacent to and accessible from the campus, and 3) in or on non-campus buildings or property that the institution owns or controls.

### Daily Crime Log

UC shall maintain a daily crime log of all reported crimes. This log will be available for public inspection at the security desk of any UC campus, as defined herein, upon request as well as posted on the [Public Safety Crime Log](#) webpage. For a printed copy, please contact the Clery Compliance Coordinator at 513-556-4900.

The daily crime log will record all crimes reported to UC's Department of Public Safety, UCPD, and CSAs, including the nature of the crime, date and time the crime occurred, date and time the crime was reported, general location of each crime, and the disposition if known. Crimes shall be entered in the crime log in the order that they are received.

All entries shall be made within two business days of the initial report being made to the Department of Public Safety through the following sources: direct report to the Department of Public Safety, CSAs, Office of Student Conduct and Community Standards, and local law enforcement.

If, within 60 days, new information becomes available about a reported crime, the crime log shall be updated. Information is not required to be disclosed in the daily crime log when:

- Disclosure of the information is prohibited by law;
- Disclosure would jeopardize the confidentiality of the victim; or
- There is clear and convincing evidence that the release of such information would jeopardize an ongoing criminal investigation or the safety of an individual, may cause a suspect to flee or evade detection, or could result in the destruction of evidence. In any of these cases, the information may be withheld until that damage is no longer likely to occur from the release of the information.

## Footnotes

- A. Does not include Residence Halls.
- B. Only includes Residence Halls.
  - 1. Blue Ash, Clermont, and Victory Parkway campuses do not have Residence Facilities.
- C. Non-Campus statistics include police reports taken from other law enforcement agencies. Every effort has been made to comply with the definitions contained in the Handbook for Campus Safety and Security Reporting, but public property statistics provided by outside agencies are not independently verified by UC and may include reports of crimes that occurred in private residences, businesses, or in other non-campus locations.
- D. Public Property statistics include police reports taken from other law enforcement agencies. Every effort has been made to comply with the definitions contained in the Handbook for Campus Safety and Security Reporting, but public property statistics provided by outside agencies are not independently verified by UC and may include reports of crimes that occurred in private residences, businesses, or in other non-campus locations.
- E. Unfounded crimes are reported crimes investigated by law enforcement authorities and found to be false or baseless. Only sworn or commissioned law enforcement personnel may find a reported crime as “unfounded.” When a crime statistic has been disclosed and is “unfounded” in a subsequent year, the crime statistics will be revised and a notation will be made to explain the revision. Unfounded statistics are not included in the Campus Total for the crime statistics, they are counted in a separate row.
- F. Hate Crimes are crimes that manifest evidence that the victim was intentionally selected because of the victim’s actual or perceived race, religion, sexual orientation, gender, ethnicity, or disability. Reportable hate crimes include the offenses of Aggravated Assault, Arson, Burglary, Manslaughter- Negligent, Murder and Non-Negligent Manslaughter, Motor Vehicle Theft, Robbery, Forceable Sex Offenses, Non-Forceable Sex Offenses, other hate crimes involving bodily injury, Larceny-Theft, Intimidation, Destruction/Damage/Vandalism or Property, and Simple Assault.
- G. Where UC cannot rule out the possibility that the incident occurred on Clery Act geography, statistics are still reported and included in a separate Crime Statistics Chart. Statistics may include reports that have been made to campus security authorities other than UCPD or local law enforcement. Although these reports are not always reported to UCPD, or independently investigated and verified by UCPD as having occurred, lack of verification does not necessarily reflect on the report’s veracity.
- H. WHW provides confidential advocates to UC students and employees. Because WHW is confidential, WHW does not track the geographic location of where its clients were assaulted. Therefore, the incidents reported by WHW for inclusion in the Crime Statistics Chart may include crimes not typically reportable under the Clery Act because the crime occurred outside of UC’s Clery Act geography. Because the geographic location of the incidents reported by WHW could not be verified, those statistics were still reported and included in the Crime Statistics Chart under “Unknown Location.”

## Fire Safety Report

The Higher Education Opportunity Act requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report. UC's Department of Public Safety is responsible for creating the annual fire report, submitting annual fire statistics, and maintaining the fire log. The fire log can be viewed [here](#).

All campus housing fires must be reported to UC's 911 Communications Center, which in turn notifies the Director of Public Safety, Director of Housing, UCPD, and UC Emergency Management. In the event of a fire, and if the person can do so without self-endangerment, activate the nearest pull station and call 911. If you find evidence or learn of a fire that has already been extinguished and are unsure whether the fire has been reported, please contact UC's Communication Center at 513-556-1111. When calling, please provide as much information as possible about the location, date, time, and cause of the fire.

If you have any questions or concerns regarding any of the statistics and information in this report, please contact UC Fire Prevention at 513-556-4989.

### Number of Regular Mandatory Supervised Fire Drills

Each campus-housing facility had three evacuation drills conducted by UC's Fire Prevention Unit. The drills were conducted on March 24, 2022, August 25, 2022, and November 9, 2022

### Policies on Portable Electrical Appliances, Smoking, and Open Flames

UC's practice is to provide at least one small refrigerator in every room or suite. The type and number of units provided vary based on room capacity. Additional microwaves, refrigerators, or micro-fridges are prohibited in Calhoun, Dabney, Daniels, and Siddall Halls. Residents who, for medical reasons, need to request an exception to this policy should direct their request, in writing, to the Residence Coordinator. In Turner, Schneider, and Campus Recreation Center Halls, one additional microwave per suite is permitted. No additional refrigerator may exceed 4.0 cubic feet and no additional microwave may exceed 600 watts.

The following appliances/devices are prohibited (exceptions for medical reasons will be considered in consultation with the Office of Accessibility Resources):

- Air Conditioners (all residence facilities are 100 percent air-conditioned);
- Broilers;
- Candles;
- Electric skillets, indoor/outdoor grills, including George Foreman grills, griddles, sandwich makers, and woks;
- Fryers;
- Halogen lamps;
- Hot plates;
- Hot oil popcorn poppers;

- Laser sights/lasers;
- Space heaters;
- Toaster ovens;
- Waffle iron/makers;
- Candles, incense, and any open flames (candles and incense may be used for religious rites only in the designated public areas scheduled in advance with the Residence Coordinator and Department of Public Safety); and
- Smoking is prohibited on all UC campuses.

See the [Guide to Living on Campus](#) for more information regarding prohibited items and conduct in the dorms.

### Fire Safety Education and Training Programs for Students, Faculty, and Staff

Faculty, students, and staff who work in areas equipped with fire extinguishers, and may be required to use them, must attend annual hands-on fire extinguisher training. Others may obtain training through an interactive fire extinguisher web-based training program. In-person training was put on hold due to the COVID-19 pandemic, online or virtual training was conducted in their place.

All members of the housing staff, including Resident Advisors, complete fire safety education annually before students' arrival on campus. The housing staff participates in residence hall evacuation drills where fire conditions are simulated using a smoke/fog machine. Housing staff also take part in hands-on fire extinguisher training, fire department ladder/rescue evacuation drills, and fire safety seminars. Students are required to complete online training.

More information on web-based and hands-on training can be found [here](#).

### Procedures for Student Housing Evacuation

In the event of a fire alarm, evacuation is required. When a fire alarm sounds, quickly get a coat, shoes, keys, and identification. Look through the viewer of your room door to check the hall for smoke or fire. Feel your room door with the back of your hand. If the door is cool, and you do not see any smoke or fire in the area, exit your room, lock your door, and leave the building using the nearest stairwell. Always know two ways out, never use elevators during a fire alarm, and proceed directly outside to the pre-determined meeting location for the respective building.

Evacuation is required for all fire alarms. Failing to evacuate or "hiding" is very dangerous and illegal. An actual fire may not always be evident in the building area in which you are located. Failure to evacuate may result in legal charges.

If you are unable to evacuate your room because of smoke or fire in the hallway or disability (permanent or temporary), close your room door and get low to the ground where the air is fresher. Block the gap under your door and vents with wet towels or other clothing-type material. Open your room drapes or blinds. If you are on the ground floor, escape through a window if possible. If you are on any other floor, hang an item like a sheet or towel from your window to draw attention to yourself and wait for further

assistance from the fire department. In Campus Rec Center Hall, if you cannot evacuate the building due to disability, if possible, evacuate to the nearest area of rescue assistance, typically marked on a stairwell landing. All residents should become familiar with these locations in advance of an emergency.

### Fire Alarm Activation for Smoke, Fire, or Burning Odors

If you see smoke, fire, or smell a burning odor, take the following actions:

- Activate the nearest fire alarm pull station while exiting the building.
- If possible, close all doors and windows.
- DO NOT USE THE ELEVATORS.
- Exit the building as quickly as possible and call 911 once outside.
- Building Safety Point of Contact will account for all employees and visitors and advise the fire department of relevant information.
- Building Safety Point of Contacts must report missing employees/visitors and the last known locations to emergency personnel.
- Do not reenter a building unless approved by emergency responders.

Individual building emergency plans are located on the [Department of Public Safety's Emergency Management](#) website.

### Plans for Future Improvement in Fire Safety

University of Cincinnati's Siddall Hall is currently under construction for renovation and will be ready for occupancy in Fall 2024. In partnership with Clifton Heights Community Urban Redevelopment Corporation, the university is planning an approximately 1,000-bed development in the vacant lots across Calhoun Avenue from Old Saint George Church. Construction is expected to begin in late 2023 and be complete by Spring 2026.
